SEARCH

What is Cozy Room

Cozy Room is a flatmate and rental finding service, where you can search for rentals and find flatmates to rent a property together. We are superboosting rentals by connecting people who are interested in renting flats in specific areas.

How does it work?

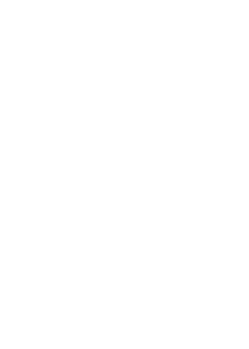

For Tenants

The user starts with a Search or registration with setting their preferences

In a list & map view the user can see rentable properties and other people seeking in the area. The user can place an "interest" to given properties

If there is a match at a property, we notify each tenant. If they mutually confirm their interest for sharing a property together, we exchange their contact info and they can proceed with the rental

For Owners

The owners and agents register as OWNER to Cozy Room.

The owners upload their property profiles, add photos and tags to place them in the search engine
